Household Hazardous Waste Sign up

WHAT IS HAZARDOUS WASTE?

It is any substance that has the potential to injure people, pets
or the environment through skin contact or ingestion.
Hazardous waste is in your kitchen, basement, garage, shop or
greenhouse.

Examples:

Oil base paint, thinner, solvents, adhesives, stains, cleaners,
furniture stripper, ammonia, pesticides, herbicides, insecti-
cides, poisons, fertilizers, tree sprays, fuel carburetor cleaner,
flea powder, lye, turpentine . . .etc.

Many items like these can be taken for granted. But if they
are not used properly as instructed on the label, or used com-
pletely, they have the potential to cause harm to you, your
family, pets, neighbors and our drinking water.

They don't belong laying around!

They don't belong in the greenboxes or landfill
They shouldn't be dumped out!

Take them to the FREE Household Hazardous
Waste Collection Day held the third Saturday of
every month.

- **DO NOT MIX WASTES**
- **ACCEPTING ORIGINAL, CLEARLY MARKED CONTAINERS ONLY**
- **NO BARRELS**
- **NO LATEX PAINT** (Hardened latex paint can
be thrown away in the regular trash.)

TO PARTICIPATE:

Send us a completed Household Hazardous Waste
registration form and we'll mail back a post card with
your appointment time.

(Only morning appointments are available.)

WHEN YOU ARRIVE AT THE LANDFILL:

Proceed to the Hazardous Waste building and
present your card to the staff. Please stay in your
vehicle, our staff will do the unloading.
